

JAMES TAYLOR JORDON

Logan, Ohio | jamesjordon43@outlook.com | github.com/jjordon237

PROFESSIONAL PROFILE

Cybersecurity and Network Systems student (A.A.S. expected December 2026) with a B.A. in Psychology and experience in education, client services, and operational leadership. Academic work includes a documented healthcare network simulation, access-control testing, incident-response policy development, and supervised computer-lab equipment deployment. Seeking entry-level cybersecurity, network support, SOC, or IT infrastructure opportunities.

SELECTED TECHNICAL PROJECTS

Appalachian Valley Medical Center (AVMC) | Healthcare Network Capstone — Academic Simulation

- Designed and tested a segmented Cisco Packet Tracer hospital network using a collapsed-core architecture, VLANs, SVIs, inter-VLAN routing, DHCP/DNS, and extended ACLs.
- Documented recovery-network isolation findings, applied bidirectional ACL restrictions, and recorded before-and-after connectivity tests and deny counters.
- Developed acceptable-use, access-control, and incident-response policies with NIST CSF 2.0 mappings; completed a ransomware tabletop and after-action report.

Hocking College | Supervised Computer-Lab Infrastructure Practicum

- Assisted with redesign and workstation deployment in two computer labs, including Alienware system installation, cable organization, connection, and functional checks.

TECHNICAL KNOWLEDGE

Networking: TCP/IP, IPv4 subnetting, VLANs, 802.1Q trunking, Layer 2/3 switching, DNS, DHCP, routing, ACL testing, Cisco Packet Tracer.

Security: Least privilege, network segmentation, incident-response fundamentals, security-policy writing, risk assessment, NIST CSF 2.0.

Tools and systems: Windows, Linux coursework, Wireshark, Nmap, VirtualBox, Git/GitHub; scripting coursework upcoming.

PROFESSIONAL EXPERIENCE

Substitute Teacher | Logan-Hocking School District | September 2022–Present (per prior résumé)

- Delivered instruction across STEM and humanities subjects; adapted quickly to changing classroom and technology requirements.
- Coordinated with school personnel and handled student information with appropriate confidentiality.

Head Cashier / Sales Team Lead | Phantom Fireworks | May 2017–February 2020

- Oversaw point-of-sale operations, staff coordination, cash accountability, and customer-facing processes.

Outreach Coordinator | Home Base Inc. | September 2014–April 2017

- Coordinated sensitive client services, maintained detailed records, and communicated with multidisciplinary teams.

EDUCATION & DEVELOPMENT

Hocking College — A.A.S., Cybersecurity & Network Systems | Expected December 2026

Ohio University — B.A., Psychology | December 2012; Certificate in Real Estate | May 2022

AWS Academy Graduate — Cloud Foundations | 20-hour training badge, May 2026 (not AWS certification)

Mastercard Cybersecurity Job Simulation via Forage | Completed October 2026 (virtual simulation, not employment)

Phi Theta Kappa | Member
